COMPACT

The ideal solution for small spaces

The SAFEmoney Compact automatic cash point, is the new cash management frontier that presents the compartment to integrate the fiscal printer inside and the “Smart Coin System” for fast insertion of coins. The minimal and elegant design and the compact size, thanks to the compartment designed to integrate the printers of the ditronetwork group, allow it to fit in any retail environment.

-  *Integrated compartment for fiscal printer*
-  *Compact size*
-  *Wide front opening for maintenance*
-  *“Easy clean” design*
-  *Increase the hygiene of the point of sale*
-  *Light feedback*

AFFLUENCE: LOW

and the end user.

Without losing contact with the customer, the store is equipped with an immediate and secure payment management system, with no more queues at the checkout.

SafeMoney Advance is the cash-handling solution for the most demanding points of sale, for rapid payment and change operations, bills-changes and daily closings. SAFEmoney Advance is the perfect automatic cash-point solution for sales outlets with medium turnout, for the safe and quick handling of payments. In fact, it allows the immediate insertion of all the coins and presents immediate response times in the change delivery. It is also possible to manage all the payment functions (single or multiple) and configure the product from the 7" touch screen (or in classic mode connected to a cash register).

Integrated Web service

Integrated UPS to guarantee completion of ongoing operations

Front door for maintenance with security lock
